DIRECTOR OF CENTRAL INTELLIGENCE
Committee on Imagery Requirements and Exploitation
Washington, DC 20505

DCI/ICS 85-4587
30 July 1985

MEMORANDUM FOR: Deputy Director, Intelligence Community Staff

THROUGH: Chief, Administrative Staff, ICS

SUBJECT: Request for Travel-

1. Your approval is requested for travel of [redacted] COMIREX Executive Staff, to attend the cruise missile support conference to be held at the Defense Mapping Agency Aerospace Center in St. Louis, Missouri. (U)

2. The purpose of the travel is to attend and participate in briefing DoD cruise missile planning and operational organizations on the status of developing the probabilistic vertical obstruction concept. [redacted] will supplement the presentations by two contractors, [redacted]

[redacted] for the Defense Mapping Agency Headquarters, and the [redacted] for the Joint Cruise Missile Program Office, who are jointly responsible for developing the basic structure for implementing, testing, and validating the concept. His focus will be on the procedures for accurately identifying and delineating the urban areas where vertical obstructions should be expected to occur--to a large degree by using already available imagery-derived information more effectively. (S)

3. The pertinent parts of the conference are scheduled from 19 to 21 August. Authorization for a rental car is requested because public transportation is inadequate. (U)
